

ISO 9001:2015 Quality Management

Website Statement

Selected phosphate products supplied by YANTAI CHEMICAL are available from qualified manufacturing facilities operating under an ISO 9001:2015 certified Quality Management System.

Certification Scope

Production of food additive phosphates and industrial phosphates, including industrial sodium triphosphate, within the applicable licensed scope.

Certification Status

A current ISO 9001:2015 certificate can be provided for the applicable manufacturing source.

Website Use Note

This certification applies to the manufacturing facility and its certified scope; it should not be presented as an ISO certification directly held by YANTAI CHEMICALS.

Document Availability

Current certification status may vary by product, grade and manufacturing source. Please contact YANTAI CHEMICAL to confirm the applicable certification and request the latest supporting documents.
