

ISO 22000:2018 Food Safety Management - IQNET Recognition

Website Statement

Selected food-grade phosphate products supplied by YANTAI CHEMICAL are available from qualified manufacturing facilities whose Food Safety Management System is certified to ISO 22000:2018 and recognized through the IQNET network.

Certification Scope

Production of Food Additive Phosphates.

Certification Status

Current ISO 22000:2018 supporting documentation can be provided for the applicable manufacturing source.

Website Use Note

This document is best used as supporting recognition of the ISO 22000 certification rather than displayed as a separate certification category on the website.

Document Availability

Current certification status may vary by product, grade and manufacturing source. Please contact YANTAI CHEMICAL to confirm the applicable certification and request the latest supporting documents.
