

ISO 14001:2015 Environmental Management - IQNET Recognition

Website Statement

Selected phosphate products supplied by YANTAI CHEMICAL are available from qualified manufacturing facilities whose Environmental Management System is certified to ISO 14001:2015 and recognized through the IQNET network.

Certification Scope

Production and related management activities of food additive phosphates and industrial phosphates, including industrial sodium triphosphate, within the applicable licensed scope.

Certification Status

Current ISO 14001:2015 supporting documentation can be provided for the applicable manufacturing source.

Website Use Note

Use this as supplementary recognition of the ISO 14001 certification, rather than displaying it as a separate certification category if the primary certificate is already shown.

Document Availability

Current certification status may vary by product, grade and manufacturing source. Please contact YANTAI CHEMICAL to confirm the applicable certification and request the latest supporting documents.
